# HSG Academy, Cradle for Future Educators

Armed with 15 years of successful English support services to more than 250 schools in Hong Kong and the experience in collaborating with more than 750 teachers over this period, Headstart Group has accumulated unparalleled expertise in building talent for teaching excellence.

We are proud to introduce Headstart Academy. This academy aims to provide apprenticeship to aspiring teaching talents to become transformational teachers. We have structured a systematic and practical, no-nonsense training and development programme for adults who want to enter the teaching profession. The training programme is composed of TEN modules and requires students to practise what they have learned. Our trainers are teaching professionals and veterans who share and teach from their own experience, which makes the training PRAGMATIC, RELEVANT and IMPACTFUL.
