Programme Objectives

課程目標

K1

At this level, a soft and gentle approach is the most appropriate. Students will learn the name and sound of each letter in the alphabet. Through songs, poems and stories, they will learn to identify the beginning sound of words in a fun way.

這個階段利用輕鬆的教學方法教授學生字母的名稱和所有的基本元音。透過詩歌、故事和有關的歌曲，學生能夠有趣地學習分辨每個單字的首字母發音。

K2

This level covers fundamental vowels and consonants. In each lesson, students will listen to a theme-based story so they can learn the words in a relevant context. Short and simple blends will also be introduced.

這個階段著重基本元音和輔音。每個課堂，學生都會閱讀一本以字母為主題的故事，並學習相關的內容。此外，學習拼讀整個單詞也能幫助他們掌握閱讀及拼寫技巧。

K3

In addition to fundamental vowels and consonants, this level places more focus on blending and rhyming of more complicated words. Interesting stories are included to help students practice reading fluency and accurate intonation.

除了基本元音和輔音，這個階段注重學習更複雜的拼音和押韻。透過故事，學生能夠更有效地練習閱讀及發音。
